**RUSSIAN DRONE STRIKES DAMAGE HISTORIC CHURCH, MONASTERY
IN LVIV AHEAD OF HOLY WEEK**

LVIV, Ukraine (OSV News) - A historic Bernardine monastery complex and the Church of St. Mary Magdalene in the western Ukraine city of Lviv were hit by aerial drone strikes March 24, just ahead of the observance of Holy Week. They are the newest sacred space casualties of Russian attacks and part of what is described by officials as the largest attack in a single 24-hour period since the full-scale invasion began in February 2022. Local authorities confirmed that historic apartment buildings near the 16th-century Bernardine monastery - part of the city's historic center listed as a UNESCO World Heritage Site - were struck and caught fire and the tower of the monastery also experienced damage. The Church of St. Mary Magdalene also was damaged during the aerial strike, with windows broken and glass shattered around the church floor March 24, [as shown in a video shared by Vatican News.](#)
